ADMINISTRATOR GROWTH, SUPERVISION AND EVALUATION

Background

Administrator growth, supervision and evaluation processes in the Board are designed to ensure that each administrator's actions, judgments and decisions support high quality teaching and learning. This administrative procedure provides a framework for administrators and the superintendent to work together to ensure that administrators' practice consistently meets the Leadership Quality Standard (LQS) throughout their employment with the Board.

Definitions

In this administrative procedure:

“Administrator” means principal or assistant principal of STEM Innovation Academy.

“Superintendent” means the superintendent of STEM Innovation Academy.

“Leadership Quality Standard (LQS)” means the authorized standard, nine (9) leadership competencies and supporting descriptors outlined in the Alberta Education Leadership Quality Standard.

“Evaluation” means the formal process of gathering and recording information or evidence over a period of time and the application of reasoned professional judgment by a superintendent determining whether an administrator's leadership meets or does not meet the Leadership Quality Standard.

“Notice of Remediation” means the written statement issued by a superintendent to an administrator where the superintendent has determined that the administrator's leadership does not meet the LQS.

“Professional growth” means the career-long learning process whereby an administrator annually develops and implements a plan to achieve professional learning objectives or goals that are consistent with the LQS.

“Supervision” means the ongoing process by which a superintendent supports and guides the leadership of administrators.

PROCEDURES

1. General

- 1.1. A program of career-long learning must be an integral part of an administrator's professional life. Administrators have the responsibility of constantly reflecting upon their professional practice and seeking improvement as part of a continuing process of professional development.

- 1.2. Administrators are required to participate in ongoing supervision by a superintendent to ensure that administrative practices meet the expectations of the LQS and to promote professional growth.
- 1.3. This administrative procedure does not restrict superintendents from taking disciplinary or other action, as appropriate, where there are reasonable grounds for believing that the actions or practices of an administrator endangers the safety of students or staff, constitutes a neglect of duty, a breach of trust or a refusal to obey a lawful order of the Board or, from taking any action or exercising any right of power under the Education Act.

2. Administrator Growth

- 2.1. Administrators must complete annual professional growth plans to help them support high quality teaching and learning.
- 2.2. An annual growth plan is expected to:
 - 2.2.1. Reflect goals based on self-assessment of professional learning needs by the individual administrator;
 - 2.2.2. Show a demonstrable relationship to the LQS;
 - 2.2.3. Take into consideration the educational plans of the school, the Board and Alberta Education.
- 2.3. The growth plan may be a planned program of mentoring a new administrator or a member of the school's Leadership Team. A growth plan may also be a component of a long-term, multi-year plan.
- 2.4. Prior to October 30 of a school year, an administrator must submit an annual growth plan for review and approval to the superintendent.
- 2.5. Growth plans are to address the following:
 - 2.5.1. Professional learning goals;
 - 2.5.2. Strategies to obtain each goal;
 - 2.5.3. A time line for implementation, and
 - 2.5.4. The intended method of assessing goal attainment.
- 2.6. As part of the supervision process, the superintendent will maintain an awareness of an administrator's professional growth plan, the status of progression towards achieving the goal(s) of the plan and may provide guidance and assistance in implementing the plan.
- 2.7. Prior to the end of the school year, each administrator will meet with the superintendent to review the implementation of the growth plan and to consider professional growth possibilities for the next year.

- 2.8. The superintendent will retain a copy of the growth plan for the period of the school year. The plan will be returned to the administrator at the end of the school year.
- 2.9. Unless an administrator agrees, the content of a growth plan must not be part of an evaluation of an Administrator.

- 3.3. If a concern regarding an administrator's practice is expressed by a parent, by a teacher or by a student to a superintendent, the superintendent may:
 - 3.3.1. Arrange for the person concerned to discuss the matter with the administrator. If the matter remains unresolved, attempt to deal with the situation through mediation, an investigation or more focused supervision.
 - 3.3.2. If an investigation or more focused supervision leads to the belief the administrator may not be meeting the LQS., initiate an administrator evaluation process.
- 3.4. Where a superintendent, through the process of supervision, has reason to believe that an administrator may not be meeting the expectations of the LQS, administrator evaluation may be initiated in accordance with the Evaluation section of this administrative procedure.
